OFFICE OF LEGISLATIVE COUNSEL

Monday - 15 June 1970

1. (Unclassified - GLC) Larry Smith, Administrative Assistant to Senator Thomas J. McIntyre (D., N.H.), called and said he understood that the Agency would be willing to arrange a briefing for Senator McIntyre tomorrow at 2:00 p.m. on new starts in the Soviet ICBM program. He said they were willing to have the briefing conducted under whatever ground rules we wished, including a private briefing for the Senator only. I told him that any briefing we would give would have to be on that basis, but told him it might be tomorrow morning before I could give him definite word on this. Smith said the Senator was interested in three questions: (1) how many new starts there have been since last August and when was the last one reported, (2) what constitutes a new start, and (3) what interpretation we would give to this activity.
